THE CORE COURSE - 42H

Your Path to Confident English and Effective Teaching

This comprehensive course combines core English language skills with essential English Teaching methodologies, equipping you for success in the modern classroom. You'll explore topics such as Teaching Fundamentals, Technology in Language Learning, Academic English, and Psychology in Education, while developing practical skills for teaching at various educational stages. Through interactive lessons and real-world projects—both individual and group—you'll build fluency, expand your vocabulary, and gain the confidence to express your ideas clearly in English. Whether your goal is to teach, study, or work in an international environment, this course will help you get there.

"Experience is the teacher of all things".

AFTERNOON WORKSHOPS AND EXCURSIONS – 20 H

Take Your Learning Beyond the Classroom

Our engaging workshops give you the chance to practice real-world communication in fun, natural settings. From cooking classes and photography workshops to movie nights and resume-building sessions, you'll experience English in action—while connecting with others and exploring new interests. The program also features exciting cultural outings, including a two-day trip to **Krakow**, Poland's historic royal capital, and an afternoon visit to the enchanting **Moszna Castle**.

Want to explore even more of Europe?

Enhance your adventure by joining an unforgettable extra trip to three stunning European capital cities: **Bratislava, Vienna, and Prague**. Discover rich history, breathtaking architecture, and vibrant local culture—all in one amazing journey. This optional experience is available for an additional €663.
